

Adobe Creative Cloud: Personal Devices

Last Modified on 08/03/2022 9:28 am EDT

Faculty and full-time staff are able to use the Adobe Creative Cloud software suite on their personal computers. For information about using Creative Cloud on College computers, see [Adobe Creative Cloud: College Computers](#).

Before You Start, you will need the following:

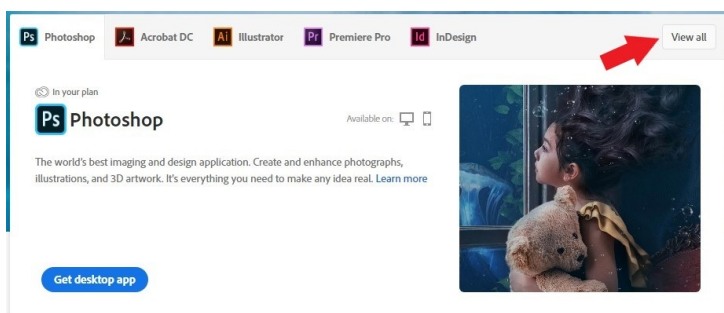

- faculty or full-time staff status
- a laptop or desktop computer with internet access

What is Creative Cloud (CC)?

Creative Cloud is Adobe's suite of productivity software, including Acrobat, Photoshop, Premiere, Lightroom, Illustrator, and more. You can learn more at [Adobe Creative Cloud](#).

Install Adobe CC software

1. Navigate to [Adobe's Creative Cloud Portal](#)
2. Enter your **College email address** and click **Continue**
3. Login with your **College email** and **password**
4. Click **View all**

5. a) **For a single application:**
Find your desired application and click **Install**
- b) **For multiple applications:**
We suggest downloading the **Creative Cloud** app and then [installing additional applications \(e.g., Acrobat, Photoshop, etc.\) from there](#).

Update Adobe CC software

If Adobe Creative Cloud **is installed**...

Windows (🖥️)

macOS (🍏)

If Adobe Creative Cloud **isn't installed**...

1. Open the application you'd like to update
2. In the top-left corner, click **Help**
3. Click **Check for Updates**
4. Follow the **on-screen steps** to download and install the latest updates

Questions?

If you have any additional questions or problems, don't hesitate to reach out to the **Help Desk!**
