Panopto: Quizzes

Last Modified on 07/17/2024 3:04 pm EDT

Panopto enables video **Creators** to add quiz questions at any point in a recording. This can be a good way to keep students engaged and measure their understanding of a recording's content.

> **Before you start**, you will need:
>
> - A **Creator role** in your course folder within Bryn Mawr's Panopto site

Setting up a Panopto Quiz

1. Find the video to which you want to add a quiz and click **Edit**.
2. Move your recording to the time where you want to add a quiz question.
3. Select **Quizzes** > **Add a Quiz**.
4. Your primary video feed will move to the side and be replaced by the input screen for a quiz question.

Quiz	.	1 of 1

Question	Multiple Choice ▾

⦿ Answer 1

◯ Answer 2

Add answer...

Correct answer explanation (optional)

5. Enter the following details for your question:
   - **Question** (**Question Title** for the **Fill in The Blank** question type): the text of your question.
   - **Select**: this is where you choose your question type. You can choose **True/False**, **Multiple Choice**, **Multiple Select**, or **Fill in The Blank**.
   - **Answer 1, Answer 2:** List your answer options. Click **Add answer...** if you want to add more options (for the **Fill in The Blank** question type you won't put in answers, but instead add your prompt in the **Question** field).
   - **Correct answer explanation (optional)**: provide the correct answer to viewers after they've submitted their answers.

6. Click **Add a Question** to add more questions at this moment in the video. Otherwise, select **Done**.
7. This will take you to a new page where you can make final edits to your question:

- **Quiz Position** lets you change the point in the video when this questions appears.
- **Allow viewers to retake this quiz:** can be checked or unchecked.
- **Show grade after taking this quiz :** can be checked or unchecked. If checked, you can also choose whether to **Allow review of correct answers and explanations**.
- **Block advancing in the video until answering this quiz:** can be checked or unchecked. Even if checked, however, this feature will turn off once a viewer has finished all quiz questions.
- **Questions:** use this to reorder and delete questions

8. Click **Finish** when done.

As viewers begin taking your quiz, you can view their results by selecting **Settings** ⚙ on the video where you've added the quiz. A pop-menu will open; select the **Quiz Results** tab within it. From this page, you can select **Download** to collect your results in a CSV.

> **Caution:** Students can only answer Panopto quiz questions if they are logged into Bryn Mawr's Panopto site. Direct them to Panopto: Get and log into your account if they're having login issues.

# Connect a Panopto Quiz to the Moodle Gradebook (Optional)

> **Before you start**, you may need access to the following:
>
> - an existing Quiz in a Panopto video

- the Panopto video to be connected to your course in Moodle. See Panopto: Add the Panopto block to a Moodle course if you need help connecting your Moodle course with its Panopto folder.

To connect a Panopto quiz to your Moodle grabeook, you will have to add the Panopto activity to the Moodle course:

1. Navigate to the course in which you'd like to integrate a Panopto quiz and turn on **Edit Mode**.
2. Click on **Add an Activity or Resource**. From the options, choose **Panopto**.

3. Click **Select Content** and choose the video in Panopto to which you've already added a quiz. When you've made your choice, click **Insert.** The activity name will pre-populate with your video's title; you can edit this if you like.

4. Under **Privacy**, make sure all three boxes are checked: **Share launcher's name with the tool**, **Share launcher's email with the tool**, and **Accept grades from the tool**. This will ensure that student data

feeds from Panopto to Moodle.

5. Under **Grade**, you can set a point value for the quiz grade and choose a Grade category.
6. You can also control other common Moodle activity settings, such as **Restrict access** and **Activity completion,** if you'd like.

7. Once you have the settings you want, hit the **Save and Display** button at the bottom of the screen.

Once students starting taking the the quiz, you can view their grades by clicking on **Grades** in your course-level menu. You will see an entry for the Panopto Quiz activity and grades for students who have completed the in-video quiz.
