# Panopto: Add the Panopto block to a Moodle course

Last Modified on 05/24/2024 10:25 am EDT

The **Panopto block** creates a link between your Moodle course and Bryn Mawr's Panopto instance. When you add a Panopto lock to your course and "provision" it, Panopto creates a course folder that mirrors the set up of your Moodle course: anyone with an **Instructor** or **Teacher** role in Moodle course will be given **Creator** permissions on Panopto; anyone with an **Auditor** or **Registered Student** role in Moodle course will be given **Viewer** permissions. The block also contains key links. For all users, it will provide a list of available recordings. For instructors, it will provides links to editing the settings in the course Panopto folder and downloading the Panopto software.

The Panopto block can be added to any academic course in Moodle by anyone who has the role of **Instructor of Record** or **Other Editing Teacher**.

Add the Panopto course block

1. Toggle on **Edit Mode** in your course.
2. Click **Add a block.**
3. From the pop-up menu that opens, choose **Panopto**.
4. If the block contains a message that the "course has not yet been provisioned" click the**Provision Course** link.

If you have any difficulty, please copy any error messages and email them to help@brynmawr.edu. In your email, please provide the name of the course in which you are trying to add the block.

For Moodle Archive

Please note that if you are accessing a past course on Moodle Archive ⧉ (courses from **fall 2017 through summer 2020)**, you should still have access to the corresponding course folder in Panopto through the Panopto block in a course on Moodle Archive. However, we have had reports of users receiving an error message in the Panopto course block in Moodle Archive and not having connections to past Panopto videos.

Panopto

Error retrieving Panopto course folder.

This sometimes happens when the connection between Moodle and Panopto needs to be reset. If you have trouble connecting to past course videos through Moodle Archive, please email the help@brynmawr.edu, and we will fix the connection.

Questions?

If you have any additional questions or problems, don't hesitate to reach out to the **Help Desk**!
