

# Drupal - Special Role: Program Descriptions in Drupal

Last Modified on 11/13/2023 3:21 pm EST

## Program Description Page

The text on academic department “Program Requirements and Opportunities” pages is automated from Bionic. This data feeds the Bryn Mawr website, Undergraduate Course Catalog, and the Tri-Co Course Guide.

## Corrections to the text

Please send corrections or updates to Bryn Mawr requirements text to [registrar@brynmawr.edu](mailto:registrar@brynmawr.edu) .

## Editing with Additional content

It is possible to edit these pages to add other text.

***Be aware that any text you add will only appear on the web page*** – not in the Course Catalog or other locations.

**All requirements information must be added via Bionic .**

Please send corrections or updates to Bryn Mawr requirements text to [registrar@brynmawr.edu](mailto:registrar@brynmawr.edu) .

# Course Editor Role

Some users have a special role called *Course Editor* that gives them the ability to edit Course and Program Description pages within their group.

In order to make edits to this type of page, you would need to have this supplemental permissions role.

If you do not have the *Course Editor* role, please reach out to Communications to update your Program Description page and/or get appropriate training to become a *Course Editor* yourself.

## Adding more text

## Finding Content

When logged in, you can visit the Group Nodes page and sort by Type to find the Program Description page

The screenshot shows a web application interface with a search filter. The 'PUBLISHED STATUS' dropdown is set to '- Any -'. The 'TYPE' dropdown is open, showing a list of content types: Courses, Bookshelf Item, Bulletin Front Page, Bulletin Spotlight, Courses, Directory, Event, Homepage, Honor Roll, News, Office/Service, Program, Program Description (highlighted), and Story. An 'APPLY' button is visible next to the dropdown. Below the filter, a table displays the search results:

Title	Content type	Status
<a href="#">Courses</a>	Courses	Published

Once you select the Type, press the "Apply" button to sort for that type of content.

You should see only one result in the table

The screenshot shows the Course Editor interface. At the top, there are navigation links for 'Manage', 'Shortcuts', 'Content', 'Groups', and 'Help'. The user is logged in as 'iftest\_course-editor'. Below the navigation, there is a '+ Add new content' link. A filter section shows 'PUBLISHED STATUS' set to '- Any -' and 'TYPE' set to 'Program Description'. An 'APPLY' button is next to the filters. On the right side, there is a vertical menu with buttons for 'APPLY', 'VISIT', 'INFO', and 'GIVE'. Below this is a table with the following data:

Title	Content type	Status	Updated	Operations
<a href="#">Program Requirements and Opportunities</a>	Program Description	Published	12/01/2021 - 05:10	<a href="#">Edit node</a> ▼

At the bottom of the table, there are 'View' and 'Nodes' buttons.

If you have permissions as *Course Editor*, you should be able to see the Edit Node option in the Operations column.

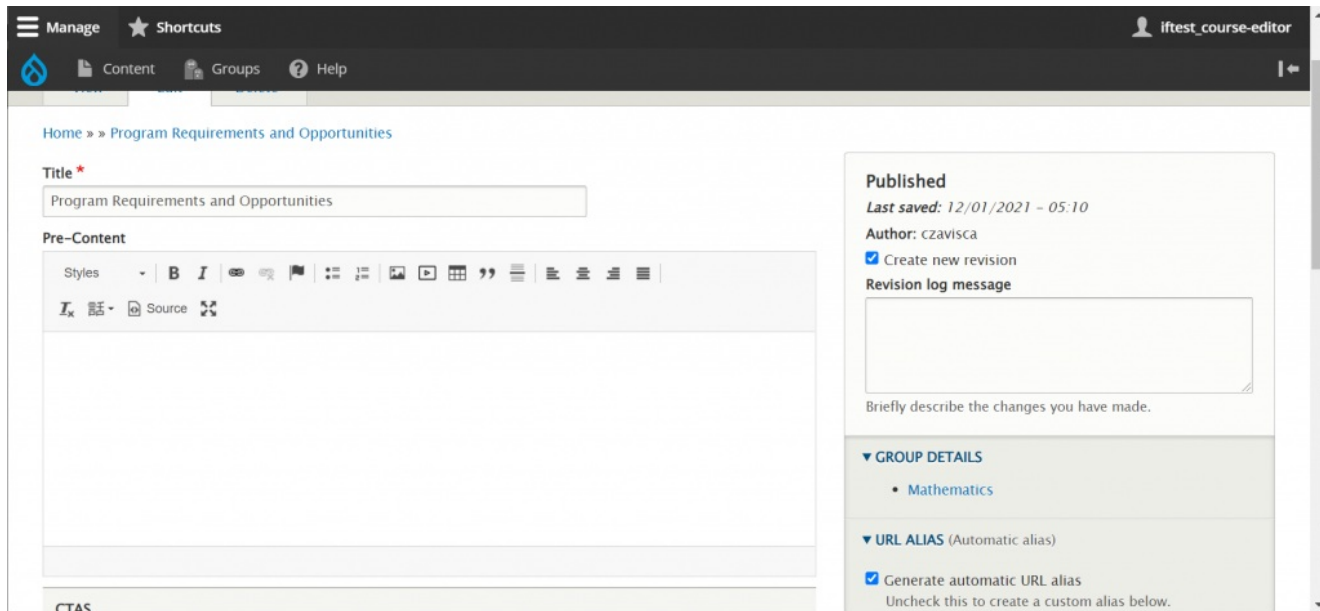

Press Edit to get to the edit screen.

Alternatively, you can navigate to the Program Description page of your department and **press the Edit tab at the bottom of the page**. *This Edit tab will only appear if you have permissions to edit it.*

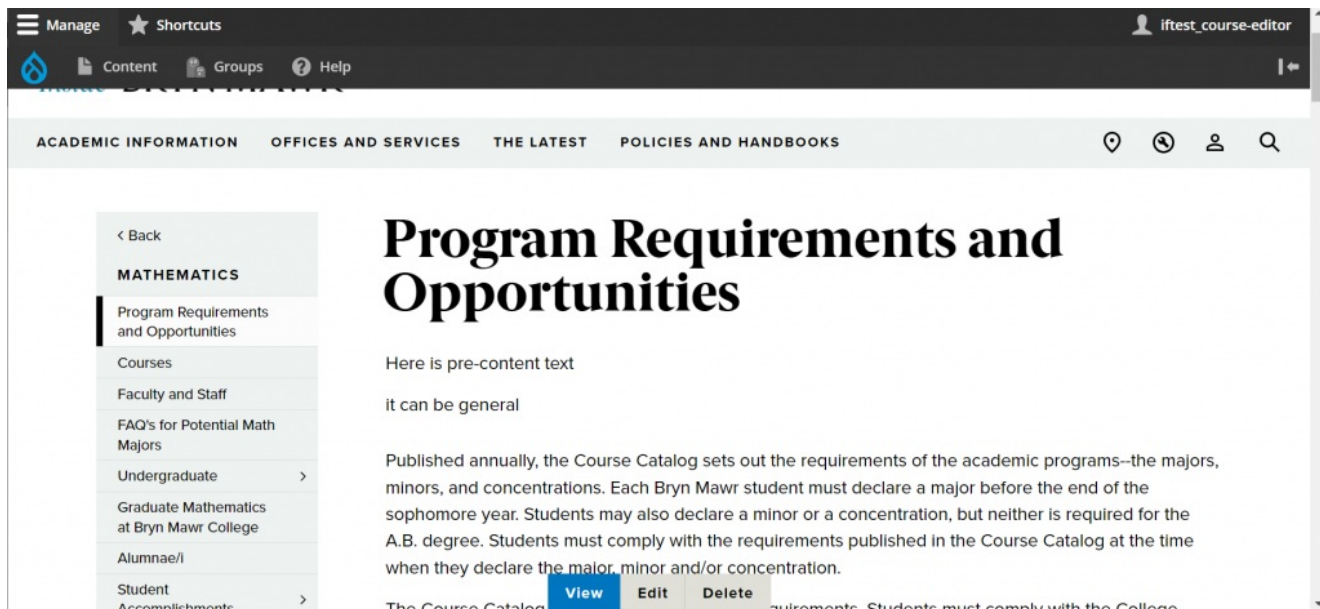

The screenshot shows the 'Inside Bryn Mawr' website. The header includes 'Manage', 'Shortcuts', 'Content', 'Groups', and 'Help'. The user is logged in as 'iftest\_course-editor'. The main navigation includes 'Bryn Mawr Home', 'Graduate & Postbac', and 'Inside Bryn Mawr'. Below this is a secondary navigation menu with 'ACADEMIC INFORMATION', 'OFFICES AND SERVICES', 'THE LATEST', and 'POLICIES AND HANDBOOKS'. The main content area features a sidebar with a 'Back' link and a 'MATHEMATICS' section containing 'Program Requirements and Opportunities', 'Courses', 'Faculty and Staff', 'FAQ's for Potential Math Majors', 'Undergraduate', 'Graduate Mathematics at Bryn Mawr College', and 'Alumnae/'. The main heading is 'Program Requirements and Opportunities'. The text below the heading reads: 'Published annually, the Course Catalog sets out the requirements of the academic programs--the majors, minors, and concentrations. Each Bryn Mawr student must declare a major before the end of the sophomore year. Students may also declare a minor or a concentration, but neither is required for the A.B. degree. Students must comply with the requirements published in the Course Catalog at the time when they declare the major, minor and/or concentration. The Course Catalog also sets out the College requirements. Students must comply with the College requirements published in the Course Catalog at Bryn Mawr College.' At the bottom of the page, there is a menu with 'View', 'Edit', and 'Delete' options.

# Pre-Content

Use the Pre-Content WYSIWYG for adding text and images to the top of the page. This will be a great place to add things that pertain to all Programs offered (especially if more than one Description Code is displayed).

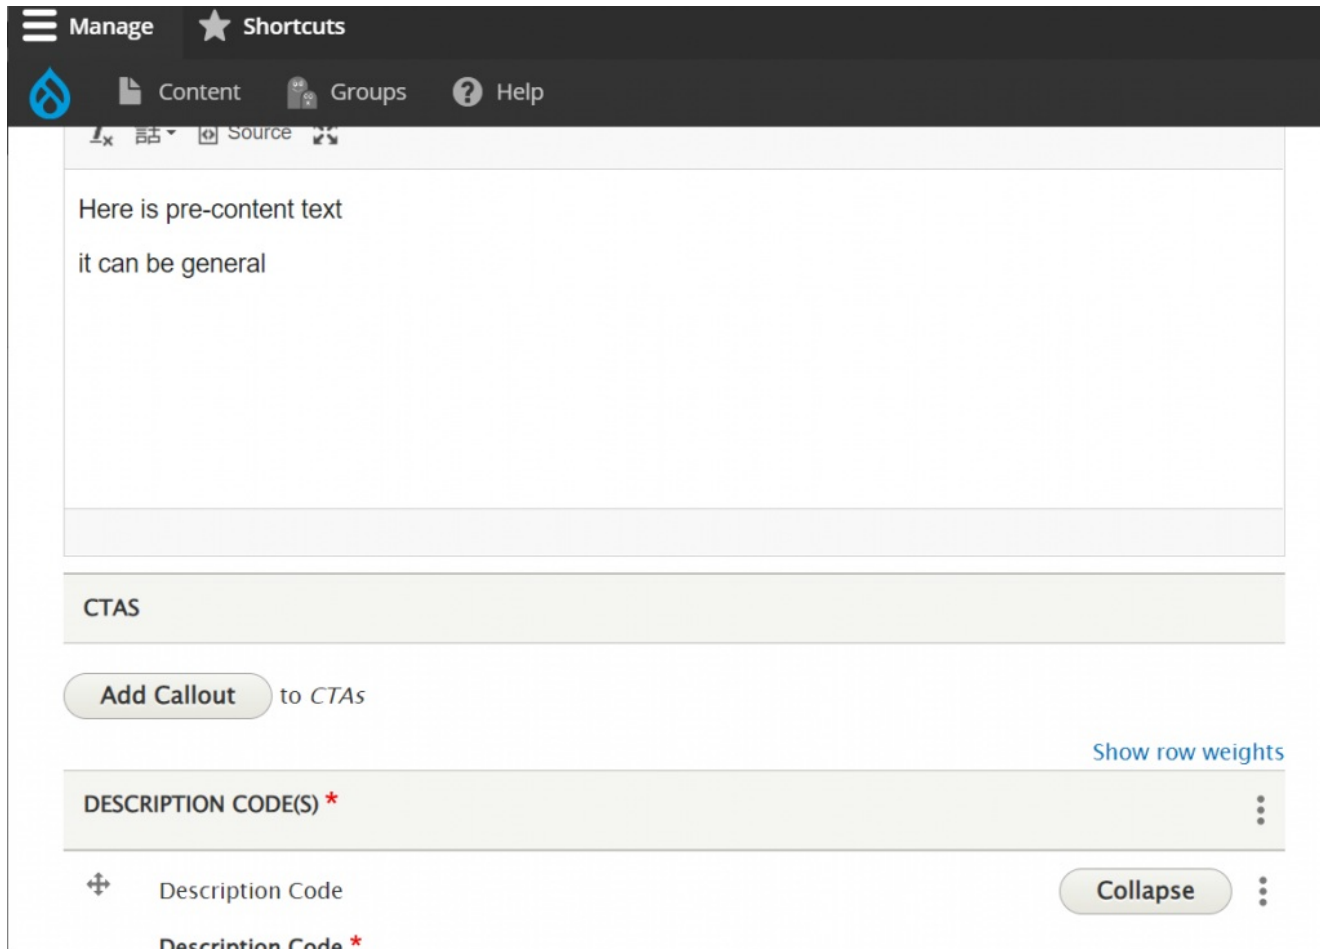

Here is the text we added as displayed on the page:

# Callout Box or CTA

Just past the Pre-Content Text field is a place to add CTAs in the form of a Callout Flexible Content Item. This is a box with links, as well as an optional image and other text, to help highlight information important to the user. [Read more about this Flexible Content Item here.](#)

By clicking Add Callout, the Callout Flexible Content item will open

IMAGE

Upload or Browse Library

You can select one media item.

Here you can add a heading, image, text and links to a box that can be either grey or yellow. Most fields are optional, so this can be a simple box with links to a more robust box with highlighted info including photo, links and description text. In our example, we have added everything to show what it looks like.

## Description Code

After the CTA section, there is the Description code, and the ability to add another one. Usually if you are editing the page there is no need to add another Description Code, unless the Program has expanded somehow to include something else.

## Social Media Callout

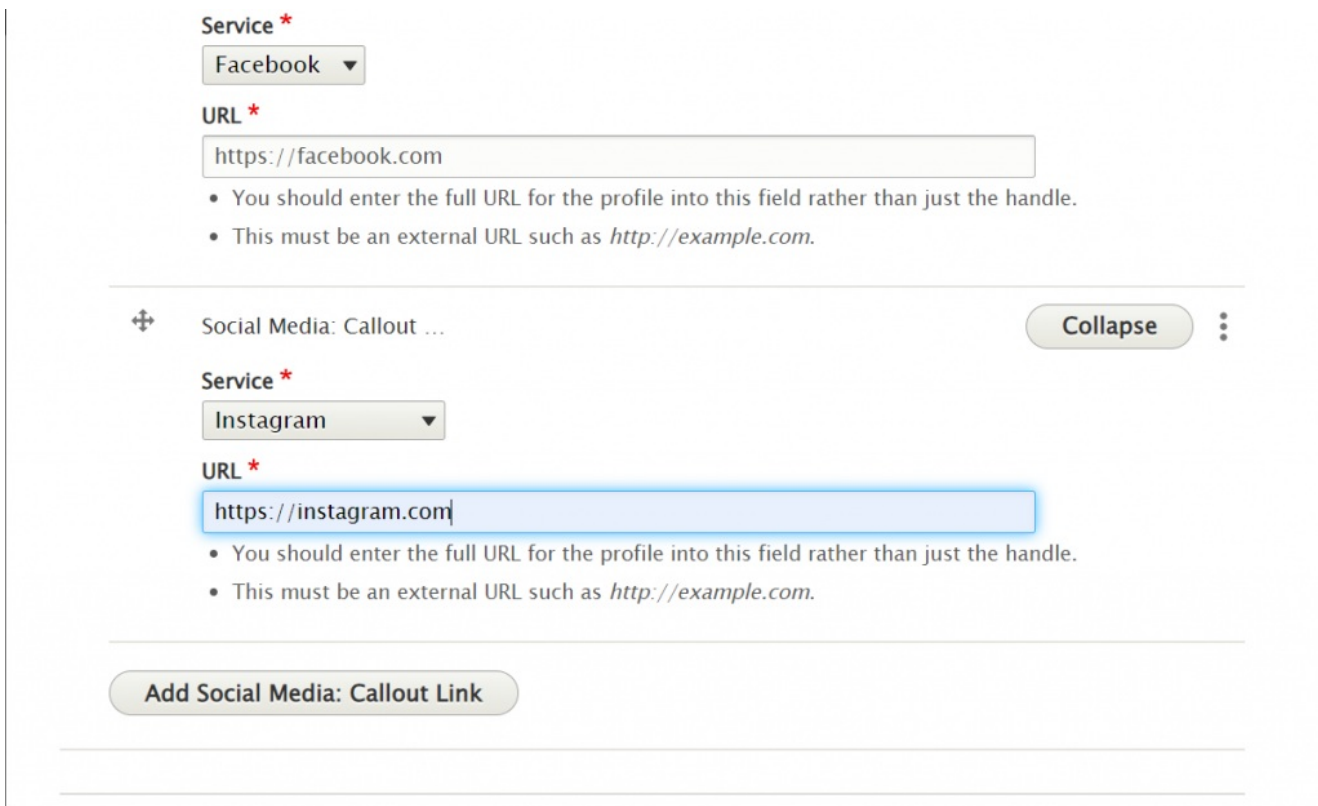

The last extra you can add to the page is a Social Callout Flexible Content Item. [Read more about this Flexible Content Item here.](#)

Click on the Add Social Media Callout and you will see fields to fill in to add Department social feeds

Add as many as you'd like with the Add Social Media Callout Link button. Since this is just an example we didn't use the URL with the handle in it.

Now if we save the page, you can see how that looks at the bottom of the page
