Beeline Reader: Make web reading easier

BeeLine Reader ⧉ supports **reading long blocks of text online** by **adding an eye-guiding color gradient** to help reduce eye fatigue and increase reading speed. It is available as **a Chrome or Firefox browser extension** ⧉ and you can use it to read online documents on any device that supports these browsers.

> **Before you begin, you will need:**
>
> - A Bryn Mawr College email address and password.

1. Install the BeeLine Reader plugin for Chrome ⧉ or Firefox. ⧉
2. Register your browser on Bryn Mawr College's subscription:
   a. Open the Access Assistive Technology document ⧉ (requires BMC login).
   b. Click the **Beeline Reader Registration link.**
3. If you want to read PDFs with BeeLine Reader, install the BeeLine Reader PDF Viewer extension ⧉

Questions?
