Moodle: Customize and organize your course

Moodle has several new features that allow you to customize how your course appears to students and guests.

Before you start, you may need the following:

- an **Instructor of Record** or **Other Editing Teacher** role in a Bryn Mawr Moodle course.

Add a course image and summary

 The **course image** will replace the default colored boxes shown above the course title on a viewer's **Dashboard** and **My courses** pages. The **course summary** appears when browsing courses on the Moodle **Home** page.

Organize by topics vs. weeks
