

Calendly

Last Modified on 08/20/2024 2:10 pm EDT

Calendly is an **online calendar system** that integrates with your personal calendar and other web conferencing tools to allow people to schedule appointment times with you on days/times that you set as available.

LITS no longer supports Calendly. College faculty, staff and students now have access to the same functionality through the College's site license for Zoom, which has added a Scheduler feature that can be used for online and in-person appointment booking with individuals or groups. Please see [Zoom: Use Scheduler for appointment booking](#) for more details.

Questions?

If you have any additional questions or problems, don't hesitate to reach out to the **Help Desk!**
