

Moodle: Using Groups

Last Modified on 08/15/2023 5:04 pm EDT

Moodle's Groups feature allows instructors to **assign students (plus co-instructors) to different sections of the class**, either for the whole term or individual assignments. Instructors can use this feature in a number of ways, including assigning different work to different groups of students.

Before you start, you may need the following:

- an **Instructor of Record** or **Other Editing Teacher** role in a Bryn Mawr Moodle course.
