

# Panopto: Copy recordings to a new course

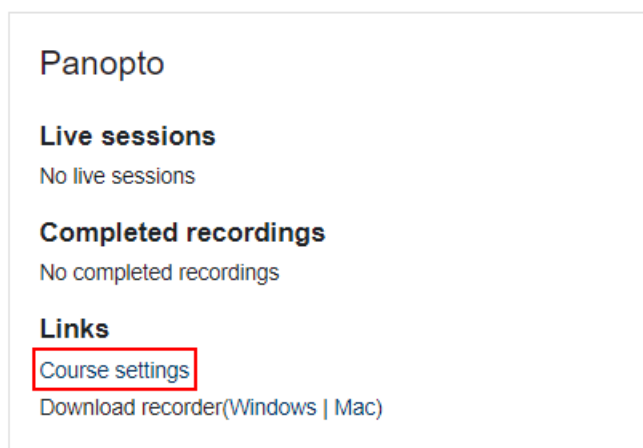

Last Modified on 01/24/2023 10:50 am EST

Panopto has a **new feature** that enables instructors to **quickly copy all of the videos from a Panopto folder into a new Moodle course's Panopto folder**. It was designed to make it easier for instructors to reuse materials from term to term: the copies made are identical "**reference copies**" so you can track student viewing data for both the original and destination courses separately.

**Before You Start**, you may need access to the following:

- a **Instructor of record** or **Other editing teacher** role in a Moodle course
- a **Creator** role for the Panopto folder you want to copy from

1. Open the **destination course in Moodle** (i.e., the one to which you are copying videos).
2. Click the **Course Settings** link in the **Panopto** block.

- If the block is missing, **add the Panopto block to your Moodle course**.
- If you see the block, but it says "this course has not been provisioned," click the link to provision it.
- If the **Course Settings** link is missing, double-check that you have an **Instructor of record** or **Other editing teacher** role in the course. If not, ask someone who has one of those roles to enroll you with the same permissions or contact the Help Desk.

3. In the Panopto window that pops up, click **Overview**, then scroll down to **Course Video Copy**.

## Folder Information

Name bmc.CHEM.B211.001.F22 [Edit](#)  
Parent folder CHEM.F22 [Edit](#)

## Description

[Edit](#)

## Assignment Folder

[Create Assignment Folder](#)

An assignment folder is a special subfolder that allows users that can view this folder to create and submit sessions privately. As a creator for this folder, you can see and control all content submitted to the assignment folder.

## Course Information

Provider Name moodle  
Course ID 3395  
Course Name bmc.CHEM.B211.001.F22

## Course Video Copy

You can import videos from a previous course's folder. This will create reference copies of the videos from the chosen course's folder and subfolders and place them in this folder.

- Include Zoom videos  
 Include scheduled recordings

Previous course folder

**Choose a folder**  
**Quick access**  
bmc.CHEM.B211.001.F22  
bmc.CHEM.B212.002.SP22  
bmc.CHEM.B211.001.F21  
**All folders**  
Moodle Archive Course Videos  
Moodle Course Videos

4. Next to **Previous course folder**, click **Choose source folder**.
5. Find and select the Panopto folder you want to copy videos from.
6. If the folder contains [Zoom meeting recordings](#) and you want to copy them, check the **Include Zoom videos** box.
7. Click **Begin folder copy**.

## Questions?

If you have any additional questions or problems, don't hesitate to reach out to the **Help Desk!**
